

PRODUCT FACT SHEET

STREAMLIGHT H.I.D. LITEBOX® RECHARGEABLE HIGH INTENSITY SEARCH LIGHT

MARKET

APPLICATIONS: Fire & Rescue, Military, Utilities, Law Enforcement, Industrial Safety, Sporting Goods.

DESCRIPTION: The H.I.D. LiteBox is a heavy-duty, rechargeable, completely portable high intensity search light. It produces a focused beam of light measuring 1 Million candlepower that illuminates objects 1 mile away and additionally features navigation LEDs for low light maneuvering. Integral D-rings allow attachment of the included shoulder strap. Optional IR pass filter attaches to elastomer lens ring.

CASE MATERIAL: High-impact ABS thermoplastic housing. Elastomer impact bumper, lens ring and cushioned grip/handle. Weatherproof construction.

DIMENSIONS: Length: 14.9 in. (38 cm) Body Width: 5.1 in. (13 cm) Overall Height: 8.8 in. (23 cm)
Head Diameter: 7.7 in. (20 cm)

WEIGHT: 10.1 lbs (4.6 kg)*

LIGHT SOURCE: 35 Watt High Intensity Discharge Xenon lamp with 2000 hour minimum lifetime.
White 5mm LED (x2), impervious to shock with a 100,000 hour lifetime.

LIGHT OUTPUT: 35 Watt High Intensity Discharge Xenon lamp in a deep-dish parabolic reflector produces a long range high intensity beam with optimum peripheral illumination for scene lighting. Dual white navigation LEDs for low level lighting applications. Fully articulating head can be aimed precisely at target.
Xenon H.I.D. Lamp Rating: 3350 Lumens typical with 1,000,000 Peak Beam Candlepower.
LED Rating: 9 Lumens typical (each).

BATTERY/RUN TIME: Zero-maintenance 12V, 7.2Ah sealed lead acid operates the H.I.D. lamp up to 1.75 hours per charge and is rechargeable up to 500 times using existing Litebox® system charge racks. Navigation LEDs operate in excess of 100 hours per charge. Red and green LEDs provide charge status feedback. 10 Hour charge to 90% battery capacity with continuous trickle charge to maximize battery capacity.

IDENTIFICATION: Serialized for positive identification.

MODELS: Standard System - International safety orange or black; includes shoulder strap; comes with AC and DC chargers and charge rack; ideal for field maintenance, inspection of construction sites and remote equipment.
Vehicle Mount System - International safety orange or black; comes with vehicle-mountable hard-wire rack, and shoulder carrying strap; ideal for military operations and general scene lighting.

APPROVALS:** Most models meet applicable European Community Directives.
Rack meets requirements of NFPA 1901-12-1.7 mounted in any  ition.

WARRANTY: Limited lifetime warranty. 6 month warranty on lamp.

NFPA

OPTIONAL ACCESSORIES: 100V, 120V, or 240V AC (home) and 12V DC (automobile) charger cords.
Hands-free shoulder strap (included in Standard & VM models)
Locking charge rack
IR Pass Filter
Quick release shoulder/waist strap

* With battery (included in purchase)
